Box 153 Jul-Aug 1888

New Haven Conn.
July 5. 1888.

Mr. Daniel M. Fox,

Dear Sir, —

Will you be so kind as to inform me whether the term journey weight or journey is used in the United States Mint, corresponding to the English use of the same? I inclose a slip noting the use of the term in the English Mint.

I ask for information wishing to incorporate it an English Dictionary.

Very respectfully yours.

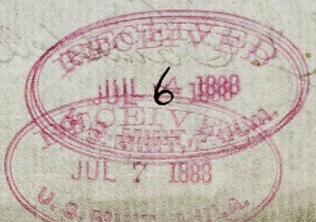
L. J. Campbell.

Box 153 Jul-Aug 1888

New Haven. Conn
July 5. 1888.

L. J. Campbell.

Asks whether the
term Jonny wright
or Jonny is used in
U. S. Mint.



Journey weight.

A term used in the Mint for fifteen pounds weight (701 sovereigns) of coined gold, or sixty pounds' weight of coined silver (792 crowns, 1,584 half-crowns, 3,960 shillings, or 7,920 sixpences).

From Hunter's Encyclopedic Dictionary.

NARA RG104, Entry 1, Box 153

[Abstract:] Asks whether the term journey weight or journey is used in U.S. Mint.

New Haven, Conn.
July 5, 1888

Mr. Daniel M. Fox,

Dear Sir, -

Will you be so kind as to inform me whether the term journey weight or journey is used in the United States Mint, corresponding to the English use of the same? I inclose a slip noting the use of the term in the English Mint.

I ask for information wishing to incorporate it an English Dictionary.

Very respectfully yours,
L.J. Campbell

[Enclosed note:]

Journey weight.

A term used in the Mint for fifteen pounds weight (701 sovereigns) of coined gold, or sixty pounds' weight of coined silver (792 crowns, 1,584 half-crowns, 3,960 shillings, or 7,920 sixpences).

From Hunter's Encyclopedic Dictionary.
